THE first votes are in after last week's request by Caboolture News journalists to help them find Caboolture's best coffee. Ladies from the Morayfield Walkers group have nominated their favourite caffeine providers as Zarraffa's Coffee Shop located in the Morayfield Shopping Centre. "They serve beautiful coffees and always provide lovely service.

Whether it be a flat white or one of their great lattes the staff always live up to their aim to provide customers with an individually perfect cup of coffee - every time," the ladies said.

Self-praise might be the best recommendation, with the newsroom getting another hot tip about Zarraffa's coffee quality.

"I wish to nominate Zarraffa's coffee shop in the Morayfield Shopping Centre as the best place to have coffee in the whole Moreton Bay region," Carmel Carter said.

"I am a barista at Zarraffa's and I deal with our clients on a daily basis who just can't get enough of our coffee. There often aren't enough seats for everyone, with people waiting around to grab a seat when they become vacant."

Well, baristas, the gauntlet has been thrown down and now it's up to challengers to prove their credentials. If you can help us find the best coffee in Moreton Bay send us an email.
